iDS

Product Discontinuation Notification

Document availability: Public

Title: Discontinuation of uEye ML cameras with USB3 interface

Affected Product:	IDS uEye cameras (detailed list of models in document) • Models with match code UI-3xxxML (USB3 interface)
Document Version:	1.0
Release date:	August 13st 2024

Reasons and Description of the Product Discontinuation

Our uEye **ML** cameras with USB3 interface were initially released in 2014. IDS decided to phase out the **uEye ML** cameras with USB3 interface for commercial reasons.

Recommended Action for Customers

IDS suggests to switch to up to date sensors build into our current uEye LE Rev.1.2, uEye XCP/XLE/XLS Rev.1.2 or uEye CP Rev.2.2 cameras with USB3 interface.
For any question regarding last time orders or successor models, please contact our sales team.

Important Notes

- The affected discontinued cameras are no longer upgraded with firmware feature updates.
- Due to higher procurement costs, the prices of the affected cameras will increase by 10% as of January 1, 2025.Important Dates

Price adjustment	End of Sale	Last Shipment Date	End of Support
1st January 2025	31th December 2025	31th January 2026	31th January 2029
